Cindy/Stevie,

Attached are the SAPS which we believe address the HQ EU comments. I have sent these versions to them and asked them to confirm that.

Please review these versions and comment on any issues you may have. Before we schedule homes, we want to make sure we don't have any issues to address with the labs.

Once we get confirmation that the HQ EU comments have been addressed and you have not issues with us moving forward, we will schedule home sampling. We are still hoping to make those appointments next week, but we will see how that progresses.

Thanks.

Rich
